FATAL SHOOTING.

A Tragedy at a Republican Primary in Benton County Last Saturday.

A fatal shooting affray occurred last Saturday at the republican primaries in North Union precinct near Hastain postoffice in Benton county. The name of the man who did the shooting is Bluford Bybee, commonly called "Buck" Bybee, and his victim, Asa Young. They lived near each other on neighboring farms. Both were married, Young leaving a wife a four children.

The trouble is said originally to have arisen over the trial of Bybee in the federal courts at Jefferson City last winter for selling "bitters" at a country store owned by him in Benton county. During the trial, Young was placed upon the stand and during the examination virtually admitted that he was responsible for Bybee's arrest. This immediately produced an ill feeling between the two men and it constantly increased.

On Saturday afternoon about 4 o'clock, a son of Bybee got into a wrangle with Young, when the latter spit in young Bybee's face. This so enraged the father that he instantly drew his gun and shot Young twice, one ball passing through the right lung and the other through a wrist. The injured man died Sunday afternoon.

Both men are widely known in Benton county, and the affair has caused considerable excitement.

Bybee surrendered himself, and on a charge of murder in the first degree was remanded to jail to await his preliminary trial next Friday at Warsaw before Justice Jones. The defense will be that the shooting was in self-defense.

Hon. P. D. Hastain has been retained to defend Bybee.

GRAND MATINEE RACE.

It Will be Given at Fair Grounds for Benefit of City Hospital.

At the request of Mayor E. W. Stephens, the horsemen now at the track have agreed to give a grand matinee race for the benefit of the city hospital fund just prior to their leaving on the racing circuit. This means that the races will take place about next Saturday. The exact date will be announced in the DEMOCRAT at the proper time.

This is for a most worthy cause. It is intended to have about five or six races between such horses as "Telegram," 2:14; "Walnut Boy," "Kentucky Union," "Blazeberry," and others now on the ground.

The track is in excellent condition, and a big time is looked for.

Justice Court.

Paul Dresser, a vag printer, was fined \$20 in Justice Fisher's court, and jailed.

The case of Wm. O'Bannon and wife for keeping a bawdy house came up in Justice Levens' court.

In Justice Blair's court Art Warren was arraigned on the charge of disturbing the peace of Mrs. Harry Sneed by firing a gun and killing a dog in Mr. Sneed's yard; plea of not guilty and trial set for June 18th.

Mattie Clark withdrew her plea of not guilty and entered a plea of guilty of disturbing the peace of Eliza Davis; fine of \$1 and costs, amounting to \$13.45.

Certificate of Incorporation.

At Jefferson City yesterday, Secretary of State A. A. Lesner issued a certificate of incorporation to the Sedalia Pharmaceutical company, of Sedalia, with a capital stock of \$3,000. The incorporators are Dr. John W. Trader, W. E. Bard, W. L. Porter and others. The company's building on Osage street is now nearing completion and when finished will be one of the handsomest structures in the city. The architecture is of an unusually attractive style.

BADLY INJURED.

A Dairyman Badly Injured by an Infuriated Bull at Short's Dairy Farm.

Yesterday afternoon Bartholomew Griessen, a native of Switzerland, employed as a milkman at Short's dairy, immediately north of town, was terribly injured by a bull.

He had gone to the pasture to drive up the cows when the bull suddenly made his appearance and rushed upon the terrified and unfortunate man. The bull was a dehorned Holstein and had always been regarded as extremely vicious.

It is not known how long Griessen lay in the pasture. The bull was standing sullenly by when first seen and had evidently satisfied his rage on the now insensible man. The milkman was carried to the house and Dr. E. C. Evans summoned.

A careful examination showed three ribs had been broken on the left side and an ugly penetrating wound made in the left plural cavity. This wound is supposed to have been made by the bull's sinking the toe of his hoof into the man's side. Griessen's face was much lacerated and his whole body pummelled and bruised until it was almost black. There was a heavy internal flow of blood, but this has been relieved by his surgeon.

He is in a very serious condition and may die. He is unmarried.

A STRANGE DISAPPEARANCE.

T. C. Rinier, of Warsaw, Leaves Home and is Seen No More.

The friends of T. C. Rinier, a marble dealer at Warsaw, are very uneasy over his unaccountable disappearance and fear that he has met with foul play.

He left that place last Saturday on horseback to take orders for tombstones, with quite a sum of money in his possession. The next day his horse was found wandering at large and a number of papers known as belonging to him were discovered scattered around on the bank of a creek. No trace of Rinier has been found.

Knifing Blaine.

Here is what the *Globe-Democrat* has to say of the ablest leader in the republican party:

"The victory may properly be classed with the great events in our political history. The convention's action has put an end to an epileptic statesmanship in this country. Prominence in the party will hereafter have to be attained by substantial service instead of by picturesque and sensational proceedings. Blaine fancied he was all powerful, but finds he has outlived his reputation and forfeited his influence."

A. O. U. W. Memorial.

All members of A. O. U. W. are earnestly requested to meet at their halls Sunday, June 19th, at 1:30 p. m., sharp, to participate in the parade and memorial service at the cemetery. By order of committee.

For His Health.

Judge Blair, who has been in bad health for some time, will leave in a few days for Grand Rapids, Mich., where he will spend several weeks, recuperating. The Judge formerly published a paper at this place.

Jail Releases.

The following parties were released from jail to-day: James Booze, col., petit larceny, 22 days; Martin Kenny, disturbing public worship, 11 days.

MAY BE LYNCHED.

Green, the Marshall Friend, Positively Identified.

A special from Marshall says that Green, the man charged with having attempted a nameless crime upon the person of Sister Mary Ida Coomes, one of the sisters who are conducting St. Saviour's academy in that city, was arraigned yesterday on the charge of assault with intent to ravish. The prisoner entered a plea of not guilty, but he was positively identified by the lady. The trial will take place next Saturday. Great indignation is expressed and there has been some talk of lynching the brute.

Has Nine Lives.

William Shahan, the painter, who fell from the top of Zimmerman & Harter's smoke-stack, is in a fair way to recover.

Shahan is a poor man and in need. A paper is being circulated for his assistance, and the charitably inclined will find an object worthy their attention.

Reversed the Decisions.

The case of James T. Montgomery against the Western Union Telegraph company was settled in the court of appeals at Kansas City yesterday with the result of his losing in both cases. In one instance, he claimed \$100 for the failure of the company to transmit

that they be granted further time for paying Seventh street. On motion of Mr. Hutchinson, the time was extended to August 1st.

The need of the city for a dumping ground for offal and night soil was mentioned by the mayor, and, on motion of Mr. McKenzie, Mayor Stevens was authorized to instruct the sanitary officer concerning the matter.

Council then adjourned to meet next Monday evening.

NEW ACCOUNT SYSTEM.

The Auditing Department at Parsons Must Learn the Business Again.

Dick Frazer arrived this morning from Parsons and will remain in the city a couple of days. He has resigned his position in the auditor's office and will leave Thursday for St. Louis where he expects to obtain a position in some of the prominent railroad offices.

The new management has already begun to make a change in working of the different departments. The accounts of the auditing office and, in fact, the whole road, have been kept on what is known as the Missouri Pacific system, one of the best in the country. The boys in the auditor's office are now thrown "on their uppers" by the fact that an eastern system has been put in, revolutionizing the whole department.

Regular Union Meeting Held at the Christian Church Last Evening.

A meeting of the local union of the Young People's Society of Christian Endeavor was held at the Christian church last evening, President Rev. R. R. Marquis and Secretary Miss Lulu Monroe being at their respective posts.

These meetings, as will be remembered, are held every two months, having for a common object harmonization and the mutual improvement of the six societies constituting the union.

The meeting last night was devoted to reports from the social committee and discussions on the social features of the society. Mr. A. E. Sweet, chairman of the transportation committee, also Rev. R. R. Marquis, reported on the proposed excursion to the national meeting to be held in New York July 7-11.

Following the business features of the meeting an elegant staff was presented to the union by Mr. Elliott, of the Central Presbyterian church.

GOODY, HERE COMES

The EVENING DEMOCRAT.

"I would earnestly advise them for their good to order this paper to be punctually served up and to be looked upon as a part of the tea equipage."—ADDISON.

CALLAWAY county democrats instruct for Yeaman for governor. Dalton second choice.

"WHITEHEAD REID is not an ideal candidate," says the *Globe-Democrat*, "but as an escape from Eliot F. Shepard he is a public blessing."

SEDALIA will not give the ticket to be nominated by the people's party many votes, but she will give the delegates to the state convention a hearty welcome.

THAT "international monetary conference" under the manipulation of the federal machine deserves to rank as a fraud right along with the "reciprocity" scheme.

THE dastardly assault upon one of the sisters in the convent at Marshall shows that there are white fiends every bit as brutal as the most ignorant and degraded negro in the cotton fields of the south.

THE question of road improvement can hardly be called an issue in the state campaign. Everybody is in favor of it, or if anybody is satisfied with the "thoroughfares" as they have existed for the last six months, he is ashamed to say so.

THE negroes in Oklahoma made a serious mistake in attempting to protect the brute who outraged a white lady. They should have shown their abhorrence of such a crime by doing everything in their power to bring the fiend to justice.

SOME of the president makers in Washington City have discovered that Palmer for president, with Hill for vice-president, would make a winning ticket. It is hardly probable, however, that any organized effort to nominate such a ticket will be made.

THE farmers have been making the most of the good weather of the past few days, and already there are smiles upon the faces that were wrapped in gloom a few weeks ago. There is time yet for a fine corn crop and the weather of the past few days is just what is needed to make it.

WHAT are claimed as conservative estimates place Cleveland's vote in the national convention at 452; Hill, 336; Palmer, 48; Carlisle, 35; Boies, 26. In case the unit rule is adopted by all the states, Cleveland's vote on the first ballot will be increased to 577. Necessary to a choice, 599.

THE Pennsylvania League of Republican clubs is going to work to force Harrison off of the republican ticket. The kickers propose to poll the republican vote of the state and

determine just how many republicans will refuse to vote for Harrison and Reid, and with this statement they will demand that Harrison shall retire from the ticket and let Blaine be put up as the nominee. Certainly the schemers don't understand the character of the man they have to deal with. There are not republicans enough in Pennsylvania to either force or persuade Harrison to withdraw.

A KANSAS court has just given a verdict for \$5,000 damages against the undertakers' trust, and proceedings are to be commenced to dissolve the association as an illegal conspiracy. This evidence of disloyalty to the creatures of the republican party is strong evidence that Kansas is a doubtful state.

A CAMPAIGN OF ISSUES.

The republican national convention has furnished the democracy with an excellent opportunity to inaugurate a campaign of issues clearly defined and cleanly cut. The platform adopted at Minneapolis, in the light of the nominations made, is capable of being understood by thousands who have heretofore voted the republican ticket under the mistaken notion that it was the party of human liberty, of progress and of equal rights for all.

All that is necessary for the democracy to do is to present a platform and a candidate that antagonize all three of the issues raised by the republican convention and appeal to an intelligent people with an intelligent campaign.

The republican party is pledged to the doctrine of taxing the necessities of life in order to "protect" the capitalists who have made and are making princely fortunes by reason of such "protected" investments.

If clearly antagonized with the proposition that taxation shall be for revenue only, and that only to the extent necessary to raise the funds to carry on an economical government, thousands of thinking men can be converted and enlisted under the banners of the democracy.

The Minneapolis platform means a single gold standard—a constantly increasing unit of measure, and therefore a constantly decreasing value for labor when measured by that unit.

If the democrats will boldly reassert the time honored doctrine of a double standard, thereby increasing the ability of labor to earn money, and make a bold, earnest, sincere fight in the interest of the masses, there are thousands who can be brought to see that their interests are all with the party of the people.

Most emphatically is the republican candidate, both in platform and by record, pledged to the doctrine of federal control of elections.

This doctrine is so abhorrent to American ideas, when it is fully understood, that thousands will desert the republican party on it as did the western republican senators when the bill came up in the last congress.

The masses will be quick to see that a measure which is ostensibly intended to operate against the democratic south will be used just as unsparingly in the north and west whenever the people of those sections see fit to attempt to throw off the yoke they are now wearing.

Thousands of republicans have already grown restive at the spectacle of the federal machine dominating their national convention, and as they realize more forcibly every day the fact that the republican states were against Harrison and his nomination brought about by his creatures from states where the republican party and the federal machine are one and the same thing, they will naturally feel unfriendly toward a measure that will give the machine more absolute power in elections than that which it now exercises in party primaries.

These are all issues for intelligent men to discuss and understand. Primarily it matters little whether a postmaster or a deputy marshal is a democrat or a republican.

But it does matter a great deal whether the masses are taxed for public purposes or for private gain. It does matter whether the unit of measure in this country is manipulated so that year by year

it requires an increasing number of hours of labor to pay a given debt.

It does matter whether our rulers are to be selected by the people of the various states or by a federal machine built and rigged for the purpose of perpetuating itself in power.

These questions are all more clearly presented in this campaign than they have ever been before, and it only remains for the democracy to be true to itself and antagonize every one of them.

"THERE is some reason to believe that the framers of the constitution favored the idea of a single term for the president," remarks a republican exchange. And there is every reason to believe that the people of the United States are determined that, in the case of Harrison, the single term idea shall prevail.

Salt for the Fresh.

From the Mirror.

He was a gay young officer, and Uncle Sam was in great luck to have such a nice hired man. The car was crowded, and he had to set his bright new uniform right down beside a dingy old farm-looking chap.

"Well, my avuncular relative," said he, speaking up so that the passengers might have a chance to join in the laugh, "what promise does she of whom one touch makes us all akin hold forth touching the particular of farinaceous cereals?"

The passengers—those who understood him and those who didn't—snickered.

"How's the wheat crop, eh?" replied the dingy personage. "Fust-rate, fust-rate."

"Is that which fell alike by the wayside, into barren places and upon good ground completely subterranean?"

The passengers laughed.

"Is the seed all underground, eh?" said the countryman. "Sure; all the seedin's done and things are sproutin'."

"Has your retina been impressed by any members of the advance guard of the cantharis vitata?"

The passengers giggled.

"Seen any potato bugs, he?" said the rustic. "You bet; seen lots of potato bugs, but nary an army worm."

"No?" said the gay young officer, hastily heading off an incipient laugh. "And why is the army worm no longer with you?"

"Well," said the old professor from the Podunk Agricultural college, "I heard that most of them had been juggled for duplicating their pay accounts." The passengers roared.

Shameful Competition.

From the Bradford, Pa., Era.

Twenty-five Scandinavian girls arrived in New York Sunday, on their way to the northeast. They come here to be married to men who want wives. This is an outrageous violation of the protective principle. Here in Pennsylvania are 60,000 more women than men. In New York are 30,000 more surplus women. In the face of this to say nothing about the thousands in other states, foreign women are permitted to come over here and wed the available men. By the halidom of the power in authority, if women are ever allowed to vote what a pretty vengeance will be wreaked on the office-holders who allow such foreign competition! Twenty-five women coming here to marry, and hundreds of thousands of unmarried women of our own.

THE NEW YORK FIGHT.

Senator Vest Doubts if Cleveland Can Carry the State.

Senator Vest is spending a few days in Kansas City and in an interview on political matters said:

"I believe the tariff question is the great issue and Cleveland its great exponent, but I have serious doubt about his carrying New York. That state is absolutely necessary to our success, and no one who has not watched closely the condition of matters in New York can have any conception of the bitter, uncompromising factional fight now raging there. Nor is it a fight that will end with the nomination if either Cleveland or Hill is selected. The two bands of lunatics would rather destroy each other than to elect a democratic president for the next quarter of a century."

"This is the problem for our convention. I am not a delegate and have no right to advise the able representatives of our party who will assemble in Chicago. All I can say is that if a delegate I should anxiously and prayerfully search for a candidate who would carry New York, and I would especially avoid any personal preference which would obscure my deliberate judgment."

Put it in the DEMOCRAT.

A FINE POSITION.

A Gentleman Formerly Well Known in Sedalia Distinguishes Himself.

THE DEMOCRAT is in receipt today of the *News*, West Chester, Pa., which contains an article of interest to the many friends and acquaintances of the Monaghan family, who formerly resided in Pettis county, and who even yet are heavily interested in real estate near Sedalia. Mr. James Monaghan is the son of J. J. Monaghan, and the brother of Robert Monaghan, whose disappearance from his home in the east and his final turning up in Australia excited so much interest throughout the country. The article referred to is as follows:

"Our townsman, James Monaghan, esq., has been appointed by Governor Pattison to the high and important position of editor or reporter of the Decisions of the Supreme court of Pennsylvania and sworn into office in Philadelphia by Chief Justice Paxson, and is now in full possession of his new position. The appointment of Mr. Monaghan is regarded as not only a compliment to him but also to the Monaghan family and to Chester county, because of his having been recommended by five-sixths of the judges of the state, irrespective of politics, as the office is regarded by the judiciary as being above that of a political character, and since his appointment he has received numerous congratulatory letters and telegrams from judges of the state, among which was a very pretty letter from Judge Thayer, of Philadelphia.

The office is for a term of five years, and the salary is \$6,000 per annum, with an offset of about \$2,000 for clerical assistance.

Mr. Monaghan has located his office in the Drexel Building, in Philadelphia, and will continue to hold his residence in West Chester.

Of his services as a close student in legal reporting and editorial work we review the following, which, because of his efficient and trustworthy labors, led up to his present position:

Since 1883 has been engaged in editing law reports, among which were the Chester county reports, 2 vols., which are in very great demand at a large price. He was also editor-in-chief of the county court reports, the last of which was published in 1891. He was one of the Pennsylvania editors of the last 8 volumes of the Central Reporter, containing the leading supreme cases in the Middle states. In 1888 and '91 he published two volumes, known as Monaghan's supreme court cases, and since 1891 he has been one of the editors of the *Legal Intelligencer*, of Philadelphia, the oldest law publication in Philadelphia; also of the *Advance Reports* of the supreme court of this state."

STRUCK BY A STORM.

Two Persons in Chicago Were Killed Instantly.

MUCH DAMAGE DONE TO PROPERTY.

The Democratic Wigwag Was Badly Wrecked—Difficulty Experienced in Operating Cable Roads—A Fatal Cyclone Near Peoria, Ill.

CHICAGO, June 14.—This city was visited yesterday afternoon by one of the most severe storms known here for many years. It lasted only a short time, but during that time two persons are known to have been killed, many painfully injured and much damage done to property.

The great wigwag on the lake front in which the democratic national convention is to be held next week was badly wrecked.

For three days intensely hot weather has prevailed in this city. About 3 o'clock this afternoon heavy clouds began to gather, and half an hour later the darkness was so intense that electric and gas lights had to be called into use in the offices and stores down town. A few minutes later a tornado swept down upon the city from the northwest, accompanied by terrific thunder and lightning and torrents of rain and hail.

In the west division of the city the wires were broken down, awnings torn off and windows shattered. Several buildings in course of erection were wholly or partially wrecked.

A brick cottage at 1336 Whipple street was demolished, two-year-old Emma Klima killed instantly and the mother and another child badly injured.

In the district between Twenty-second and Thirty-second streets east of the river a great deal of minor damage was done.

Portions of roofs of several buildings on State street were blown off. One large window in Armour & Co.'s offices was blown in but no one was hurt. Three or four women employed in the office fainted and there was a precipitate rush for the staircase and elevators.

Seventy-five men were at work in the big democratic wigwag. A quarter pole holding the northeast corner of the umbrella shaped canvas roof gave way and tore through the canvas. The wind got under it. Guy wires snapped like twine and an instant later the great ninety foot center mast snapped and fell with a crash, smashing through the floor and ruining 100 chairs. The canvas cover went in tatters and rain floated the wigwag. The workmen marvelously escaped injury. Contractor Allen said last evening that the damage to the wigwag will amount to fully \$8,000. He has had enough of canvas as a timber, but will be ready for the convention.

During the storm the cable lines experienced considerable difficulty in handling their trains, the electricity being in some instances conducted through the levers to the hands. Several of the gripmen on the State street line were quite severely shocked. The storm played havoc with the great piles of lumber in the district about Blue Island avenue and Twenty-second street. For half an hour the air seemed full of flying boards and shingles and the loss of lumber will be heavy. Three people in one yard were badly injured.

An idea of the storm may be gleaned from the fact that six inch timber was picked up and driven endwise through a box car standing near by.

Armour's "D" elevator at Morgan street was struck by lightning and completely wrecked. Charles J. Roberts, who was at work in the boiler room, was buried beneath a mass of brick and timber and his body was not recovered until the evening.

Late last evening a number of additional casualties were reported. Several men working on new buildings were badly hurt by being blown from roofs and scaffolding or struck by flying debris.

The life saving station reports that three men seen in a row boat some distance from the shore before the storm must have been lost. After the storm passed no trace of them could be seen in any direction, and it is feared they are lost.

AT GALVA, ILL.

PEORIA, Ill., June 14.—Word has just reached this city that Galva, a town in Henry county, forty-five miles north of here, was last evening wrecked by a cyclone. Several persons are known to be killed and many buildings were destroyed.

The President's Visitors.

WASHINGTON, June 14.—The president had a large number of visitors yesterday, including Gen. Estes, of California; Col. A. M. Hughes, of Tennessee, and other delegates to the republican convention. It is safe to say, however, that none of the visitors had as cordial a reception as Gen. New, who stopped in the city on his way to London, where he will resume his duties as consul general. He left here last evening and will sail from New York Wednesday on the City of New York. Among the many congratulations received by the president were cable messages from Minis. Phelps, at Berlin, and Minister Grant, at Vienna.

Sunday School Workers.

WARRENSBURG, Mo., June 14.—The seventeenth annual session of the Missouri Sunday school convention of the Church of Christ convened at Pertle Springs last night. The meeting promises to be one of unusual interest. About 600 prominent Sabbath school workers of the Church are on the ground. The meeting last night was addressed by J. L. Parsons, of St. Louis. His subject was, "Our Work."

Henri Lefevre, a Frenchman, 40 years of age, employed as a section hand in the Kansas City, St. Joseph & Council Bluffs yard, was crushed under a switch engine at Kansas City, Mo., yesterday afternoon and died within twenty minutes.

WITH SUITABLE HONORS.

Funeral of President Polk, of the Farmers' Alliance, at Raleigh, N. C.

RALEIGH, N. C., June 14.—The train bearing the body of President Polk did not arrive here until 3 o'clock yesterday afternoon. It was met at the depot by hundreds of people. The procession was formed and the body was escorted to the First Baptist church, of which Mr. Polk was a communicant. By 4 o'clock the church was packed the audience numbering at least 1,000. Among those present was Gov. Holt and all the state officers, members of the supreme court, officers of the state Farmers' Alliance and Grand Sire Buissee, of the sovereign grand lodge of odd fellows. The services were conducted by Rev. Drs. J. W. Carter, T. E. Skinner and J. J. Hall. The remains were taken to Oakwood cemetery. Mrs. Polk and her three daughters and son-in-law were the chief mourners. Associate Editor Ramsey and the composers of Polk's paper, the Progressive Farmer, were present. The funeral was one of the largest ever known here and a marked respect was paid to his memory.

THE VENEZUELA REVOLUTION.

Thought to be Nearing the Climax—The Decisive Battle Expected Soon.

PUERTO CABELLO, Venezuela, June 14.—Gen. Crespo, the revolutionary leader, is massing his forces about Caracas, the capital, and the great decisive battle is almost certain in the next week.

Near Cumerabo the government troops attacked an entrenched body of rebels and after a fierce fight drove them from the fortifications.

Rebels are engaged in a campaign in force about thirty miles from Maracaybo and are gathering arms, troops and money for a grand attack. In a mob uprising in that town last week a dozen persons were killed.

PEOPLE'S PARTY CONVENTION.

What is Said in regard to the Accommodations at Omaha.

OMAHA, Neb., June 14.—Mr. O. Strickler, who has been deputized to act for the present in the place of H. E. Taubeneck, president of the national executive committee of the people's party in preparing for the convention to be held here July 4, said:

The people of Omaha must do some active hustling in the next three weeks, or there is grief in store for us. We have only secured accommodations as yet for a little over 6,000 people and there will be 10,000 here from this state alone. Every county in the state will send a big delegation, and Kansas and Iowa will pour immense crowds upon us. M. Wilkins, chairman of the Ohio state committee, says they will have ninety-two delegates and will bring a small army of sightseers. They want to arrange for a small hotel for their exclusive use. Indiana is in the same fix. A gentleman was here last week from Jerry Simpson's district in Kansas, and engaged fifty rooms at the hotels for visitors from that congressional district alone. This convention will bring from 30,000 to 50,000 people to Omaha, and they must be provided for.

SIMPLY SENSATIONAL.

The Reports Sent Out From Guthrie, Ok., as to a Race War Being Imminent.

GUTHRIE, Ok., June 14.—Sensational stories about a race war were sent out from here last night and a lynching in the country, but they are almost without foundation. A dozen saloon bums, white and black, quarreled on the streets awhile, which was the extent of the race war.

Hio Holly, a negro, outraged Mrs. Johnson, wife of a farmer, Saturday, and was arrested. Fears of mob law caused the sheriff to take him to Wichita.

The report of another outrage and consequent lynching was an attempt of Anthony Lawson, colored, to break into the house of James Guyken, but he was driven away. There is no evidence to show that he contemplated any further crime. He is in jail now and everything is quiet.

KANSAS GROCER CASE.

Motion to Dissolve Injunction in the District Court at Atchison.

ATCHISON, Kas. June 14.—The injunction suit of the Symms Grocer Co., of Atchison against the state board of railroad commissioners came up in the district court this morning on a motion to dissolve the temporary injunction. The attorneys for the plaintiffs objected to a consideration of the case until final hearing. The matter was argued and Judge Eaton took the case under advisement until afternoon when he decided that it could be heard and the examination of witnesses is now in progress. About twenty prominent lawyers interested in the case are present. Three days have been set aside for the trial.

A Body Recovered.

ST. JOSEPH, Mo., June 14.—The remains of William A. Jordan, assistant cashier of the Commercial bank, who was drowned in the Missouri river near the water works pump house on Monday, May 30, were discovered floating in a pool of back water in the bend of the river just south of Wathena, Kan. Jordan and Henry Luchsinger perished together by the wrecking of their boat upon a government dyke. Luchsinger's body was recovered a week ago.

Beaten to Death by Slaves.

WHEELING, W. Va., June 14.—David Naylor, a young farmer of Clarksburg, O., was beaten to death with sticks and stones by a dozen Slav and Polish miners. They put the body on a railroad track and it was run over and cut to pieces. He had the evening previous engaged in a quarrel with the miners.

Oregon's Governor No Cleveland Man.

PORTLAND, Ore., June 13.—Gov. Penoyer, referring to the late election in Oregon, says the democrats could have easily carried the state if they had not abandoned free coinage and endorsed Grover Cleveland, from 8,000 to 10,000 democrats being driven from the democratic ranks to the people's party.

Mrs. Ella Norwood committed suicide at Kansas City, Mo.

SIXTEEN KILLED.

Result of an Explosion at Mare Island Navy Yard.

TWO MEN WERE BLOWN INTO THE BAY.

The Accident Occurred in the Shell Rooms, Which Caught Fire Immediately Afterward—The Town Shaken as if by an Earthquake.

SAN FRANCISCO, June 14.—A terrible explosion occurred in the shell rooms at Mare Island navy yard, resulting in the death of sixteen men, while several others are fatally or seriously injured. The shell room caught fire immediately after the explosion, and it was with difficulty the injured were rescued.

The following is a list of the killed: T. George Pittenger, gunner, U. S. N.; Col. Sunderburg, gunner's mate; Thomas Seymour, chief gunner's mate; William Hencle, apprentice; A. Kettell, seaman; C. W. Smith, landsman; William Washburne, seaman; F. Legett, seaman; W. O. Strander, apprentice; H. Joss, apprentice; William Rush, seaman; Johnson, seaman; R. Reinick, seaman; J. H. Hutton, apprentice.

Of three men taken to the hospital two have since died. The one surviving is named J. Briscoe.

The report of the explosion, which shook the town like an earthquake, was heard at 11:30 yesterday morning and was followed by the ringing of alarm bells of the Mare Island navy yard. When the great volume of smoke at the yard cleared away it was found that an explosion had taken place in the shell house of the naval magazine.

The burned and charred bodies of two apprentice seamen were found on the beach 200 yards from the scene of the explosion. In the midst of the ruins and all around the side hills could be seen bodies and remains scattered here and there. When got together the total numbered twelve. The pieces were gathered, greatly disfigured, some being cut in two and nearly all were minus limbs.

The wounded men were taken to the hospital in a dying condition. The bodies of two men were found on the beach. The force of the explosion had thrown them into the bay, where they were picked up by a merchant vessel.

It is not known exactly how the explosion occurred. A working party of fifteen men from the cruiser Boston, which was in the stone dock near by, had been sent to prepare ammunition and fill the shells for the ship. All were at work in the magazine. It is supposed that one of the party dropped a shell and caused the explosion. Dr. Lewis, of the naval hospital, was the first on the scene. He found one body possessed of life, but filled with pieces of wood, burned and bleeding.

Mrs. McDougal, of the light house, with her daughter, were early to assist the wounded, bringing bandages and doing much that was necessary. Drs. Magruder, Crane, Page, Moore and Lewis, all of the navy, were soon on the scene.

The work of identifying the dead is not yet completed, as the energies of all were for some time devoted to getting the remains together, and the crew of the Boston, to which ship the dead and wounded belonged, worked hard amid the ruins under the direction of Lieutenants Blaze, Reasons and Hughes. Among the dead partially identified are the unfortunate gunners, Hittinger, Seamen, Ketbille, Johnson, Henry, Jones and Heackle.

From the body of one of the three whose lives are despaired of the German doctor, Lewis, extracted a piece of wood six inches long by an inch thick out of the right side. Besides this the bones of the left leg are shattered and with the cuticle burned off the better part of the body is in a horrible state.

Watchman Collins had a narrow escape. He has an ugly wound on the head, caused by a piece of shell, and is injured internally. The body of Hittinger was found on the roof of the shell house, which was afterward destroyed by fire.

Southwestern Firemen Assemble.

SPRINGFIELD, Mo., June 14.—The meeting of the Southwestern Firemen's association commenced in the Grand opera house here this morning with about 1,000 persons present. Mayor Parce delivered the address of welcome, which was responded to by Chief Lindsay, of St. Louis. Four special trains will arrive to-day, and it is expected that 3,000 firemen will be on the ground to-morrow. The tournament continues five days.

Blaine May Return to the Senate.

MINNEAPOLIS, Minn., June 14.—Congressman Boutelle, of Maine, who is still here, asked this morning as to the talk about sending Blaine to the senate to succeed Senator Hale, said that he had not heard of the report and did not know if Mr. Blaine would care to go to the senate, but he had no hesitation in saying that any honor in the gift of the republicans of Maine that Mr. Blaine might desire would be enthusiastically bestowed upon him.

Six Bandits Killed.

SAN ANTONIO, Tex., June 14.—News has reached here that Col. Guadencio Gonzales de Lave and a detachment of Mexican troops, who were sent by President Diaz in pursuit of the bandits who participated in the recent assault on Tecuila Hacienda, met the desperadoes at the mountains near Orizaba. A fight ensued, which resulted in six of the brigands being killed and twenty-two captured. The captives were marched into Orizaba for trial.

Dumbauld for State Senator.

EUREKA, Kan., June 14.—The People's party convention here to-day nominated Levi Dumbauld, of Lyon county, for state senator from this district.

Theodore Burgold, master mechanic of the Kansas City, Wyandotte & Northwestern railroad, died last evening from injuries received in the afternoon by being struck by the Leavenworth fast mail train and thrown from the track.

PICKED OUT THE CHURCHES.

Terrible Electrical Storm With Fatal Results to Worshipers in Spain.

MADRID, June 14.—Terrible thunder storms prevailed in various parts of Spain yesterday, and heavy loss of life and injury by lightning is reported. The electricity appeared to pick out the churches as the objects on which to show its power while the services were in progress.

At Melias, in the province of Orense, the parish church was crowded with worshippers attending mass when the storm burst. Suddenly a terrific crash of thunder followed almost immediately a flash of lightning blinding in intensity, and caused the worshippers to spring to their feet in fear. Women shrieked and little children clutched their parents in terror. For two or three seconds after the flash it was impossible to see anything, the transition from sudden brightness to extreme darkness rendering the people practically blind. Finally when order was restored, it was found that ten worshippers had been struck by lightning and instantly killed, and that twenty-eight others had been seriously injured. The people rushed from the church into the open spaces in the vicinity of the church, fearing to enter a house.

At Mucientes, in the province of Valladolid, the church was struck by lightning and five of the worshippers killed and ten injured.

At Burgos, capital of the province of that name, considerable damage was done by lightning to the cathedral, one of the oldest buildings in Spain, having been started in 1221 and finished 1567. The lightning displaced a portion of one of the walls and did other damage. Nobody in the cathedral was hurt.

THE WORST FEARED.

A Large Party of Young Persons Not Heard From Causes Uneasiness.

CHICAGO, June 14.—The graduating class of Northwestern university, numbering ninety-seven young ladies and gentlemen, took the steamer Viola at the Depster street pier at Evanston at 4 o'clock yesterday afternoon for Highland park, where they intended to spend the afternoon and evening in a picnic and general class jubilee. The storm that did so much damage to property in the city broke forth shortly after the excursion party had left and the capsizing of the boat was counted among the possibilities by the friends and relatives of those on board.

Up to 1 o'clock this morning no word from the boat had been received. Anxious fathers and brothers spent the night telephoning and telegraphing to various points, endeavoring to get word from the picnicers. Those who were on board were the members of the class that graduated at 10 o'clock yesterday morning. The last train into Evanston from Highland park brought no tidings.

The Money Question in India.

SIMLA, India, June 13.—At a largely attended meeting held here yesterday it was unanimously decided to memorialize parliament to reform the Indian currency by an international agreement establishing bi-metallic or the establishment of a gold standard. The president of the Calcutta chamber of commerce made a speech, in which he urged that energetic action be taken to attain the end desired. The movement to secure a reform in the currency is receiving strong support throughout India.

Omaha Republicans Ratify.

OMAHA, Neb., June 14.—Omaha republicans ratified the action of the Minneapolis convention last night and listened to addresses by Stephen A. Douglass, Jr., of Chicago; Edward Rosewater, member of the national committee, and Hon. John L. Webster, chairman of the Nebraska delegation at Minneapolis.

There were but ten passengers aboard, as a large number had left the train at the different stations en route. Seven of those were slightly bruised, but none fatally.

PEPPER'S SPEECH.

The Kansas Senator on His Financial Bill.

IT WENT OVER WITHOUT ACTION.

The House Passed a Bill Defining the Status of Indian Children When They Have Reached the Age of 21 Years—Several Measures Acted Upon.

WASHINGTON, June 14.—Not one of the senators who had been at Minneapolis was in the senate chamber yesterday morning when the session opened. There were but twelve present on the republican side and a few more than that number on the democratic side. The first indication of the democratic movement on Chicago was the granting of leave of absence to Mr. Voorhees, until June 26.

The pension appropriation bill, with amendments, was reported back from the committee on appropriations and placed on the calendar. It carries a total of \$146,737,350, an increase of \$11,012,284 over the house bill and \$327,200 less than the estimate.

The bill introduced by Mr. Pepper May 26 "to increase the currency and provide for the circulation, to reduce the rates of interest and to establish a bureau of loans" was taken from the table and Mr. Pepper addressed the senate in explanation and advocacy of it. It provides for the appointment by the president of three commissioners, to hold their office in Washington, whose duty it shall be to establish loan agencies, one at the capital of every state and territory and at other convenient places—such agency to be known as the central loan agency for that state or territory. The business of these local agencies is to be to lend money to the people on the plan of well regulated real estate and loan agencies, secured by real estate. The loans are to be for not less than one year nor more than—years. They are to be for not less than \$100 nor more than \$2,500 to any one person or family. There is no provision as to the rate of interest. In order to provide funds, treasury notes are to be issued equal in amount to \$1.50 for every dollar's worth of gold and silver coin and bullion belonging to the United States, the bullion to be estimated at its coinage value.

No banking firm, company or corporation is hereafter to receive interest at higher rate per annum than 5 per cent. for short time or 4 per cent. for a year or longer. There is a section in the bill providing for loans (at one-third of 1 per cent. a month) by the bureau of loans for less than twelve months, on the security of personal property, whenever any state shall have provided warehouses for agricultural products such as cotton, wheat and tobacco, and for manufactured articles that will not

The Judge and His Daughter.

Miss Emily Thomas, daughter of
Judge Thomas, of the supreme court
of Missouri, was in the city a few
hours this morning, en route home
from Howard-Payne college, Fay-
ette, where she had been attending
school.

Curious enough, at the recent
commencement exercises of this in-
stitution, Judge Thomas was called
upon to award the gold medals and
it so happened that the art prize
fell to his daughter. The announce-

ment of the successful medalist, it
is unnecessary to say, created a
storm of applause, so long and en-
thusiastic, indeed, that the face of
the jurist crimsoned with embar-
rassment.

FEMALE RIVALRY.

It Causes a Colored School Teacher
to Get Unmercifully Ran-
naged.

Mary and Laura Gravitt were ar-
rested by Deputy Constable Tom
Carter and taken before Justice
Henry Levens this morning on the
charge of cowhiding Miss Lelia
Perkins, a teacher in the Lincoln
school. The evidence introduced
dismissed the charge against Mary
Gravitt.

It seems that last night shortly
after 9 o'clock, Miss Perkins was
on her way to attend a "literary"
in the north part of town, and when on
the prairie was hailed and told to
stop. She waited until the parties
came and, as a result, got a severe
whipping at the hands of the Gravitt
woman. This is not the first time
that the same parties have been
mixed up in a cowhide racket, and
the trouble is said to be the result
of rivalry for the affections of a
prominent young colored man in
the city. Miss Perkins received a
number of painful bruises.

Justice Levens assessed a fine of
\$25 and costs, nearly \$35. The
Gravitt woman is now hustling for
money to keep out of jail.

Lawless Out on Bond.

The preliminary hearing of Geo.
Lawless, the negro who is charged
with assault upon the person of Miss
Effie Dump near Lamonte, was
called before Justice Vaughn at
Green Ridge yesterday with At-
torney George F. Longan for the
state and Hon W. D. Steele for the
defense.

After the introduction of testi-
mony by Miss Dump, her 10-year-
old sister, Emma, and her father,
Justice Vaughn placed the bond of
the defendant at \$400 to appear at
the next term of the criminal court.
His relatives furnished the bond
and he was released.

Body Brought to Sedalia.

News has been received in Se-
dalia of the death of Warren Wei-
gart, at Las Vegas, N. M., on last
Sunday of consumption. He was
but 17 years old and had recently
gone to Las Vegas for his health in
company with his mother, Mrs. M.
L. Robbins, of Houston, Texas,
who was formerly known in Sedalia
as Miss Emma Shelton, sister of
Theodore Shelton.

The remains will arrive in Sedalia
and be buried from the Episcopal
church at 10 o'clock to-morrow
morning.

Clerks Meet.

A meeting of clerks was held last
night to discourage by fair and
honorable means the action of
several merchants who persist in
keeping open their places of busi-
ness despite the proposition carried
almost unanimously some days
since to close at an early hour.

Another meeting of much impor-
tance will be held again to-night.

The clerks have on foot a move
to effect a social society which will
meet every two weeks.

Churchmen.

Trains from all directions are
bringing in delegates to the State
Sunday School convention now be-
ing held at Pertle Springs. Among
those seen at the depot to-day were
Elder S. D. Dutcher, pastor at
Hannibal; Evangelist Martin, of
Fayette, brother of the famous
preacher of that name; Rev. H. W.
Cook, of Moberly; Rev. U. I. Quig-
ley, of Boonville.

Firemen's Tournament.

The Tri-State Volunteer Firemen's
tournament which began at Spring-
field, Mo., yesterday, is an affair of
unusual import to the water-throw-
ers. It will be attended by many
representatives from the regular de-
partments. Chief Willis intended
to go down, but was unable to get
away. It will continue five days.

ANONYX CAVE.

Capt. Collins Owns One Near Mon-
roe City on the "Katy" Railway.

Capt. Collins, father of Herbert
Collins, came down from Kansas
City this morning to spend a few
days with friends. The captain
states that his coal mine at Moberly
is now in first-class condition, hav-
ing a 60 horse-power engine, new
hoisting machinery and being
newly timbered.

He is of the opinion that he has
a very valuable piece of land near
Monroe City, on the M., K. & T.,
and was bartering Al Blair to go
over and prospect with him. The
valuable property is a cave
filled with onyx, rivaling that of
Stone county. Parties have gone
down into the cave to a depth of
100 feet without striking bottom.

In speaking of the many caverns
in the state, Capt. Collins referred
to one near the junction of Macon,
Shelby and Randolph counties
which was used as a rendezvous at
one time during the war by 1,500
"rebs."

Springfield and other points in the
southwestern part of the state.

Rev. Bachman, who has held a
number of interesting services at the
Cumberland Presbyterian church
during the past two days, left for
his home at Moberly this morning.

A Neat Party Badge.

The people's party has issued a
neat aluminum badge, somewhat
larger than a quarter, by which the
followers of the party are to be dis-
tinguished. On one side it has the
suggestive number "1776," but it
has no patriotic reference to the
deeds of the immortal Washington,
and simply means that there will be
that number of delegates at the na-
tional convention in Omaha on July
4th.

The badges are sold at twenty-
five cents each, and the proceeds,
after the cost of the badges is de-
ducted, devoted to campaign pur-
poses.

where they will attend this evening
the marriage of Mr. Stafford's
niece, Miss Mattie Goode, to Thos.
B. Love, city attorney of Spring-
field, Mo. Mr. Love is one of the
most promising young men in the
state and will be remembered in Se-
dalia as the representative of Drury
college in the inter-collegiate con-
test about two years ago.

Fresh From the Forest.

A gray wolf cub, having all the
obstinate cussedness of a bull pup,
attracted considerable attention at
the depot this morning as a bag-
gageman attempted to put it into a
car.

A gentleman living in Kentucky
had purchased it as a curiosity and
was taking it home with him. An
Indian squaw sold it to him in the
territory for a dollar.

A Complimentary Party.

Misses Louise and Lillian Sharp
gave a delightful party at their
home, No. 516 East Fourth street,
last evening in honor of Miss Barn-
hill, of California, Mo.

A large number of friends were
present and were handsomely enter-
tained by their charming hosts.
Ices and cakes were served as re-
freshments.

A Young Baby Deer.

park has a new tenant—a beautiful

out and let them see the deer.

Curbing of Third Street.

Having been awarded the con-
tract for the curbing of Seventh
street with Joliet limestone, I would
